

Technology Module under CFLD on Pulses 2019-20

Personal Information:

Shri.Komalsingh Himmatsingh Rajput
At&Post- Malne , Taluka – Dhule,
District- Dhule, Maharashtra State, India
Cell no.9921394173

Core activity: Cluster Frontline Demonstration of improved variety of Green gram BM 2003-2 in kharif season was given. This is the new improved variety utilized first time by the farmers.

KVK intervention: Technological backstopping time-to-time and introducing variety of VNMKV, Parbhani, Group discussion and farmers meeting conducted to get information on cropping pattern technology gap, Soil, crop rotation and irrigation facility. Farmers training were conducted before conducting demonstration. Field day was conducted on farmer's field just before harvesting of Green gram and got feedback from farmers

Performance of technology vis-à-vis Local check (Increase in productivity and returns)

Sr.No	Crops grown	Area acres	Local Check productivity qt/acre	Demo Check Productivity qt/acre	Cost Rs/acre	Gross income Rs/acre	Net income Rs/acre	Cost benefit ratio
1	Green gram							
	Local Check	1.0	4.25	-	7960	20400	12440	2.6
	Demo Check	1.0	-	8	9600	37800	28200	3.9

Farmer's feedback: Pods are in cluster, no shattering of pods, seed size is bold, fetches higher price.
